

# Thank You!

Praise the Lord! We're delighted to be able to give you GREAT news about our annual Match Campaign. Thanks to the incredible support of friends like you, and God's never-failing grace we've raised the maximum amount to be matched! Thank you so much for your generosity – and helping us achieve twice as much – and go twice as far this year! We've notified our Ministry friend and already he has matched the amount we raised!

As a loyal supporter you'll know that the work we do depends largely on the kindness of our supporters! Without your compassion – and love, the work we do would be impossible.

*Bear one another's burdens  
and so fulfill the law of Christ  
Galatians 6:2*

You may remember that last year we were able to reach almost 4 million people across Africa through our Radio Broadcasts, help 2100 people make decisions for Christ, contribute to 1400 marriages saved and impact over 4000 Youth with the message of character and abstinence.

Today we salute YOU! Every single time we make a difference for the glory of God through this Ministry this year – we dedicate to friends like you . . . for making our work possible through your gifts.

Thank you so much! Our prayer is for your love and generosity to be multiplied back to you.

This year we hosted two seminars, *The Wisdom House and Heart of Success*. We're delighted to share that 1321 people attended these events around the country. The churches with whom we partnered were wonderful hosts too. Pictured are some of our highlights.

## Message from our CEO

Hi Friends,

It's been over 13 years since that beautiful Summer day when I married Alison. Each day I wake up and feel so blessed that God brought us together. Every single day I am thankful for Ali and our three beautiful girls.

A marriage is a living thing, something that we must feed, nurture and cherish. It thrives when we tend it, and grows sickly with neglect. Think about it . . . you'd never leave the house without making sure the pets have food and water or drive a car without oil and good tyres – yet so many of us push the regular maintenance of our marriage aside.

Today, I want to encourage you to take a honest look at your marriage and find the areas that need a little bit of TLC. Healthy habits in marriage develop only when you're intentional about them and put consistent effort into growing them in place of bad habits.

Our human nature tends toward laziness and self-centeredness – neither of which produce strong relationships, let alone a thriving marriage which is why I'm so excited about our upcoming tour of events with Dr Greg and Erin Smalley titled: *Crazy Little Thing Called Marriage*. Greg and Erin have looked carefully at the best research and drawn on their own extensive experience in helping to heal marriages on the brink of collapse and have identified twelve traits, or "romance secrets," of a thriving marriage. They've seen that if you learn these traits and grow these habits of thought and action, you too can have a great marriage.

I really hope to see you at one of these events. Maintain your marriage as you would any other thing you cherish – as if it were a gift from God Himself... Because it is!

Thanks and blessings to you!  
Graeme Schnell
