

# GIVE YOUR CHILD THE ADVANTAGE OF CHOOSING THE **RIGHT CAREER TODAY!**

**WE PROVIDE CAREER ASSESSMENTS AND GUIDANCE**

- IS YOUR CHILD STRUGGLING WITH SUBJECT CHOICES?
- IS YOUR CHILD IN GRADE ELEVEN OR MATRIC AND CONFUSED WITH WHAT CAREER PATH THEY SHOULD CHOOSE?
- ARE YOU CONCERNED ABOUT YOUR CHILD DROPPING OUT OF COLLEGE OR CHANGING THEIR CAREER CHOICE IN THE MIDDLE OF THEIR DEGREE AND WASTING UNNECESSARY TIME AND MONEY?

Don't just give your child a good education, give them the power to make the right career choice.

**Our career counsellors at our counselling centre are here to help you!** Taking a career assessment gives you information about yourself so you can make an informed career decision by looking at your unique interests, skills, values and personality as they relate to work.

We live in changing and challenging times. Some jobs are disappearing, other jobs are being created. At the moment the slowdown in the economy means jobs are harder to find. Experts predict that in the future people are likely to have 10-15 jobs before they are 40. In an ever changing world it becomes more essential than ever that young people and adults think clearly and carefully about the career and educational choices they make and what these choices may lead to in the future.

Starting a course and dropping out because the content or outcomes were not as expected is wasteful and potentially expensive. All people, from teenagers to those in middle age, need to ensure their career choices and qualifications give them the flexibility and skills that employers are looking for in a changing labour market. This is why it is so important that they get the best career advice and guidance available.

In the famous words of Albert Einstein *"Everybody is a genius but if you judge a fish by it's ability to climb a tree, it will live it's whole life believing that it is stupid"*

We offer career testing at an affordable rate. To book an appointment please contact [counselling@fotf.co.za](mailto:counselling@fotf.co.za) or call us on 031 716 3300
